

AVM Infratech Pvt. Ltd.

WELCOME TO OUR COMPANY

This is a great opportunity for us to communicate our services and key competitive strengths to you. This profile is designed to provide you with an introduction to our company, and we hope and look forward to meeting our clients personally to develop a relationship through one-on-one interaction.

Since our inception in 2016, we have developed a trusted and reliable construction company by building lasting relationships with our clients, employees, suppliers and contractors.

With over 07 years of work under our belts, we continue to learn and build from this experience. Since then, the company has continued to deliver the best value in construction services by placing expert construction professionals in all their projects.

Honesty and open communication have empowered AVM Infratech company's workforce since day one and it shows in our work.

WHAT WE DO BETTER **BUSINESS**

■ Our Mission

To be a world-class construction company committed to total customer satisfaction by building our strengths, doing innovative projects, superlative quality of materials, cutting edge technology, timely completion and demonstrating the highest standards of workmanship.

We believe in emotions, in the experience of human being through the spaces. For this reason we make each project unique from the idea to the single detail. An ethical mission as well as a technique that makes our work a stimulating story for us and for the users of the spaces.

Lasting relationships are the lifeblood of business in our industry. At all times, we strive for solutions that best achieve our client's needs and goals.

Our staff's ability and commitment to finding these solutions is what distinguishes us. We provide consistent personal and individual attention to all our clients.

WORKING PROCESS

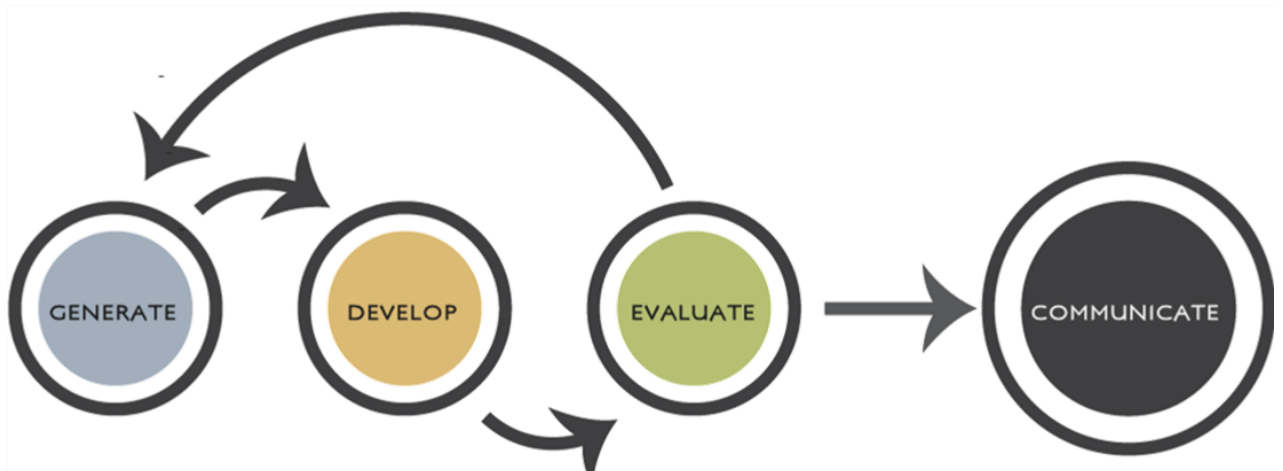

Let your dreams be our project!

From Concept to Handover

Understanding, imagining and showcasing. We develop global design concepts by creating an innovative, unique and contemporary environment. From conception to construction, we follow a clear and Structured Design Process that precisely considers each aspect of the project, fed with the client's valuable inputs, and with the deep wish of creating an efficient collaboration, we manage to deliver projects which are responding exactly to their needs and even more.

DIRECTOR'S DESK

India has tremendous growth potential in the real estate sector and quality job execution is very little available in the nationwide market. Our director has a vision from his college days to create a construction company that can provide cost-effective construction services with superior quality of the job! Which has led to the establishment of AVM Infratech Pvt. Ltd. In 2016.

Since then we kept nurturing to grow in the right direction and to gain pan India exposure our director has also ventured with L&T Construction and provided his services for more than 4.5 years while working at India's renowned largest projects like Statue of Unity, IIT Bhilai, Biswa Bangla Convention Centre, etc.

Build not just with bricks, mortar, steel or glass but with values that add worth. Build with uncompromising quality that keeps the worth of your investment high as time goes by. Keep promises and deliver on time.

"Our works represent the perfect synthesis between our vision and that of our customers."
